

Industry Comparison Guide: Agilent 1000A Series vs. LeCroy WaveAce Series Oscilloscopes

Agilent's 1000A Series oscilloscopes deliver the performance and features you expect in a big scope – and the portability and low price you require in a small one.

Agilent 1000 Series

Engineered to give you more scope than you thought you could afford

- Powerful signal capture and display
- Advanced measurement capability
- Accelerated productivity

Agilent DSO1000A		LeCroy WaveAce 200
Bandwidth	60, 100, 200 MHz	✗ 60, 100, 200, 300 MHz ✓
Memory depth	20 kpts	✓ 18 kpts (2 channel models) 20 kpts (4 channel models) ✓
Sample rate	2 GSa/s	2 GSa/s
Screen	Color, 5.7" QVGA	Color, 5.7" QVGA
Waveform display	Simultaneous viewing of main and zoomed waveforms	Simultaneous view of main and zoomed waveforms
Waveform viewing area	Switch menu off for 25% more viewing area	Switch menu off for 25% more viewing area
Automatic measurements	23	✗ 32 ✓
Segmented memory	Yes	Yes
Mask testing	Yes	Yes
Waveform filters	Yes	Yes
Pushable knobs	Yes	Yes
Warranty	3 years	3 years

Powerful signal capture and display

- A sharp color LCD display that is easy to read even from wide angles
- Up to 20 kpts of acquisition memory, eight times more memory than other scopes in its class
- 2 GS/s sample rate provides excellent signal detail
- Waveform display allows for simultaneous viewing of main and zoomed waveforms at the same time
- Optionally switch off the menu display for 25% more viewing area

Advanced measurement capability

- 23 automatic measurements
- Waveform math including FFT gives you information instantly
- Standard go/no-go mask testing automatically detects waveforms that deviate from the standard you set
- Sequential acquisition and playback of up to 1000 trigger events
- Selectable high pass, low pass, band pass, and band reject digital filters

Accelerated productivity

- Autoscale puts your signals on screen with the touch of a button
- 11-language localization of user interface, front panel controls, and manuals for ease of use
- USB Connectivity (Flash drives and Pictbridge printers), remote programmable interface (1000A only)
- Free education student lab guide and professor slide set to get students up and using oscilloscopes quickly

www.agilent.com/find/1000

23 automatic measurements with ability to display all on screen at one time

Simultaneous view of main and zoomed waveforms

Free education student lab guide and professor slide set to get students up and using oscilloscopes quickly
