VARIAN

SERVICE How To

Model Number:	Originator:	Topic
900 Series Specialist ftp site	**Des Wichems**	**Getting Access to the 900 Series Specialist Site**

Logging into the Specialist ftp site:

If you are not a 900-Series Specialist, then you should not be reading this.

1. Log into the Varian ftp site (ftp://ftp.varianinc.com/). You should see the screen shown below in Fig 1

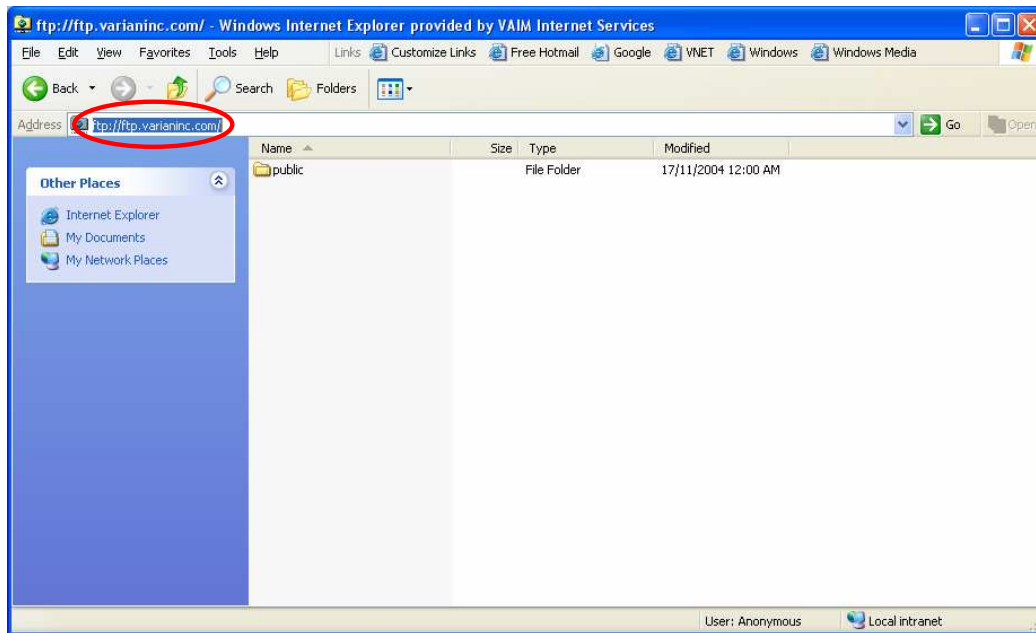

Figure 1: Varian ftp site

2. Go to the *File* pull down menu and select the *Login As* option (Fig 2)

Figure 2: Logging into the ftp site as a specialist

3. Login as *hplc900*, and put in *4Specialists* as the password (Fig 3), and press the Log On.

Figure 3: Login Screen

4. Once you *log on* you will see a new screen (Fig 4) with two main folders.

Figure 4: Specialist Site Folders

5. The *Field* folder is for the Specialists to use to pass information back and forth between themselves. The *Factory* folder has all the latest information from the factory and should be used for training course materials as well as to get the latest software, drivers, and any *How To* documents (Fig 5).

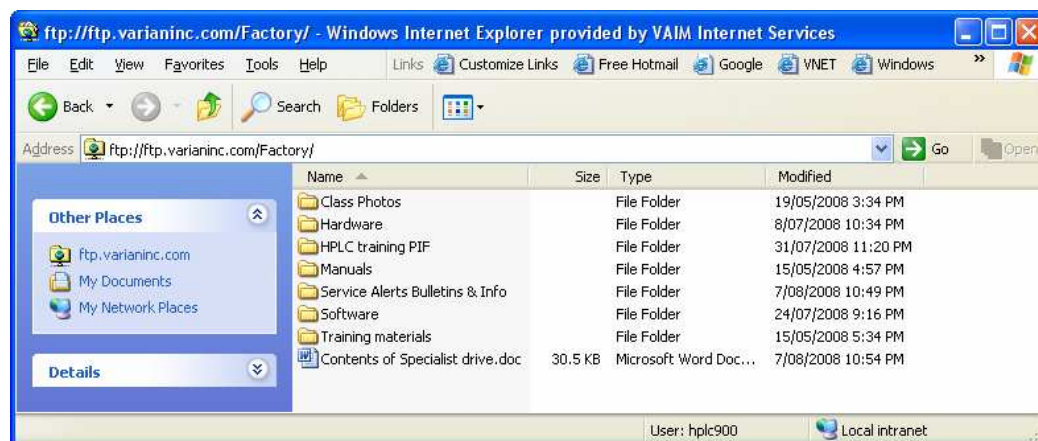

Figure 5: Materials in the Factory Folder

There is also a word document called *"Contents of Specialist drive.doc"* . This document lists the current content of the folders.
