

## Agilent VEE Pro 6.0 Volume Discounts and Site Licenses

### Graphical Programming, Fast Results—On Your Terms

Introducing Agilent VEE Pro 6.0, now with unprecedented analysis, visualization and signal processing capabilities. VEE Pro adapts to you. It gives you freedom to choose the programming paradigm—graphical or textual—that best fits your particular programming tasks. It interfaces seamlessly with most standard commercial software packages, so your "home base" environment doesn't change—you continue using the familiar applications you're using today. And with multi-site licenses and new volume discounts from Agilent, it even adapts to your budget. The power of VEE has never been more affordable.

#### Here's What You Get

- Embedded MATLAB script functionality—2000 functions built-in
- Embedded The MathWorks Signal Processing Toolbox—400 functions built-in
- Multi-language support for Microsoft COM
- Unlimited runtime
- Full ActiveX functionality
- Free no-obligation evaluation copy
- Money-back guarantee

#### Smart Measurements

VEE Pro allows you to control any PC card and take any measurement from any instrument. Created with industry-standard programming languages and analysis tools, it works as a standalone solution or as a complement to other parts of your measurement solution. It interfaces seamlessly with the "home base" applications you're already using, such as Microsoft Visual Basic®, Microsoft Visual C++®, Microsoft Excel® and the MathWorks MATLAB. And it comes from Agilent, the world's leading provider of measurement systems and solutions, so it's reliable, powerful and bulletproof. VEE Pro 6.0 works the way you expect it to work.

#### See VEE. See VEE Run.

VEE Pro 6.0 is yours to try free for 90 days—no obligation, no hassle. Just visit [www.agilent.com/find/vee](http://www.agilent.com/find/vee) to order your free CD with a complete evaluation copy of VEE Pro 6.0. See for yourself how this visual programming environment adapts to you.

### Agilent Technologies' Test and Measurement Support, Services, and Assistance

Agilent Technologies aims to maximize the value you receive, while minimizing your risk and problems. We strive to ensure that you get the test and measurement capabilities you paid for and obtain the support you need. Our extensive support resources and services can help you choose the right Agilent products for your applications and apply them successfully. Every instrument and system we sell has a global warranty. Support is available for at least five years beyond the production life of the product. Two concepts underlie Agilent's overall support policy: "Our Promise" and "Your Advantage."

### Our Promise

Our Promise means your Agilent test and measurement equipment will meet its advertised performance and functionality. When you are choosing new equipment, we will help you with product information, including realistic performance specifications and practical recommendations from experienced test engineers. When you use Agilent equipment, we can verify that it works properly, help with product operation, and provide basic measurement assistance for the use of specified capabilities, at no extra cost upon request. Many self-help tools are available.

### Your Advantage

Your Advantage means that Agilent offers a wide range of additional expert test and measurement services, which you can purchase according to your unique technical and business needs. Solve problems efficiently and gain a competitive edge by contracting with us for calibration, extra-cost upgrades, out-of-warranty repairs, and on-site education and training, as well as design, system integration, project management, and other professional engineering services. Experienced Agilent engineers and technicians worldwide can help you maximize your productivity, optimize the return on investment of your Agilent instruments and systems, and obtain dependable measurement accuracy for the life of those products.
