

Switches

Selection Guide

HP Model	Frequency Range	Features	Product Category								
			SPDT Configurable Connectors	SPDT High Performance	SPDT High Reliability	Transfer High Performance		Multiport Low-profile		Multiport High Performance	
			X			4-port	5-port	SP3T	SP4T	SP5T	SP6T
8761A	dc to 18 GHz	<ul style="list-style-type: none"> • 1 million cycles • Selectable connector configuration 	X								
8761B	dc to 18 GHz		X								
8762A	dc to 4 GHz	<ul style="list-style-type: none"> • 1 million cycles • High repeatability • All-ports terminated • Current interrupts and position indication capability • TTL/5V CMOS option 		X							
8762B	dc to 18 GHz			X							
8762C	dc to 26.5 GHz			X							
8762F (75 Ω)	dc to 4 GHz			X							
8763A	dc to 4 GHz	<ul style="list-style-type: none"> • 1 million cycles • High repeatability • 1-port terminated • Current interrupts and position indication capability • TTL/5V CMOS option 				X					
8763B	dc to 18 GHz					X					
8763C	dc to 26.5 GHz						X				
8764A	dc to 4 GHz	<ul style="list-style-type: none"> • 1 million cycles • High repeatability • Untermminated • Current interrupts and position indication capability • TTL/5V CMOS option 						X			
8764B	dc to 18 GHz							X			
8764C	dc to 26.5 GHz							X			
8765A	dc to 4 GHz	<ul style="list-style-type: none"> • Highest frequency range • 5 million cycles • High repeatability • Untermminated 				X					
8765B	dc to 20 GHz					X					
8765C	dc to 26.5 GHz					X					
8765D	dc to 40 GHz					X					
8765F (75 Ω)	dc to 4 GHz					X					
8766K	dc to 26.5 GHz	<ul style="list-style-type: none"> • 5 million cycles • High repeatability • Unterminated • Current interrupts and position indication capability 						X			
8767K	dc to 26.5 GHz								X		
8768K	dc to 26.5 GHz									X	
8769K	dc to 26.5 GHz										X
87104A	dc to 4 GHz	<ul style="list-style-type: none"> • 5 million cycles • High repeatability • All-ports terminated • Optoelectronic interrupts and position indicators • TTL/5V CMOS option 									X
87104B	dc to 20 GHz										X
87104C	dc to 26.5 GHz										X
87106A	dc to 4 GHz										X
87106B	dc to 20 GHz										X
87106C	dc to 26.5 GHz										X
87204A	dc to 4 GHz	<ul style="list-style-type: none"> • 5 million cycles • High repeatability • All-ports terminated • Optoelectronic interrupts and position indication capability 									X
87204B	dc to 20 GHz										X
87204C	dc to 26.5 GHz										X
87206A	dc to 4 GHz										X
87206B	dc to 20 GHz										X
87206C	dc to 26.5 GHz										X
