Woodward, PA was not only the site of the NBL Nationals, but the 2-HIP Meet The Street and King Of Vert Jams. Needless to say, there were a lot of people at the camp.

The ramp was constructed by Greg Flowers who was the program director for Woodward last summer. The ramp was quite solid, but a little under-vert on one side and a little kink at the bottom. The ramp was 9 1/2 feet tall and there was a 12 foot wide mini attached to a 24 foot wide big side. The mini saw some intense action like a 540 from Blyther.

Amateur talent was right on. Jay Miron finally claimed a victory at a 2-HIP, his first. He might have been a little happy. Miron is a Rad guy because every time I have seen him ride, he gives it his best. Other notables during the Am jam were Jon Byers who flirted with death every run. He hooked his front wheel a few times, and his back wheel a lot of times and he nailed a flat once. He was riding on edge. New guy John Doyle made an impressive appearance with lookdowns, cross-up's + downs, and an Abubaca. Chris Potts is always enjoyable to watch because he uses the whole ramp and pushes his variations hard. But he crashed and got a seat stuck in his leg. He had the whole seat but without the plastic and had to see the EMT crew. No good.

The comp in the pro class is incredible. Judges deserve tremendous respect. It is so hard to score and separate the talents of Hoffman, Johnson,

Campbell, Wilker, Blyther, Voelker, and McCoy. But you just have to look at how they do that day. Another first 2-HIP winner was Joe Johnson. Place a Ninja drop off the rail, single, double, and attempted triple whip airs, 540's, smoothness with back to back styles, manuals, and you have a winnah. Campiel landed second as well as a second in Meet The Street, he brought home some cash. Back to back 540's well out, a nose pick, and fluid air credit to Craig's account. Matt didn't have his best day. He tried a no hand 540, but his freshest move was a front flip over his bars onto the deck. Matt earned third.

Things to note; Ron's chainring bent WITH a bashguard and he still finished his run and did a 540 with his chain hanging. Many 900 attempts. Voelker is getting close. Dennis McCoy was looking really good, clicking hard and going high.

This 2-HIP contest weekend had more to offer than a great 1/2 show. There was a dirt bank on the edge of the MTS area that was well sessioned, much to the camp's chagrin. Add to that all the street obstacles and you have a bike heaven weekend! And we looked at the track once for the pro Freestyler moto. Ron, Brian, Joe, Agustin, Large Ray, and Voelker raced without even trying the track. Two thumbs up for 2-HIP, you kicked butt again!

## espondance

Dear Ron & 2-HIP,

Last year, a friend and I and my parents went to the 2-HIP contest in Schenectady, N.Y. It was the best! Its too bad Ron had a broken ankle. Before the contest my parents didn't really pay much attention to Freestyling, but when we got home, my Dad agreed to build me a ramp! I am stoked! Thanks for such Rad contests.

Your fan forever,  
MICAH HOWE

Where's our photos?

Dear 2-HIP,

The decals you sent me MORE than made up for the lack of the ID card. Thank You. The 2-HIP logo decal is BIO. I've always wanted one. The catalogue is great. I just got my May '89 zine yesterday and I was reading all about it. Oh, the zine was also great, but thats general Knowledge. I'm stoked to be a member of the society. I'll always be a member. I really wish that I could come to a 2-HIP contest. The '88 final contest sounded as if it blew the roof off. I've sent photos of our 14th ramp in 2 years cause of the police tearing them down. I'm the only European rider in Hong Kong. All the other riders are Chinese. I speak Chinese so I have no communication problems with them. More teams should come to Hong Kong 2 do shows. well, C-ya.

Dear Sirs,

I received the 2-HIP video yesterday and it was awesome, the only problem was there was only sound for about the first 1/2. I called and you guys replaced it. Thanks. The video was the best biking video I ever saw. I thought the part with the luggage at the airport was hilarious along with the scenes of everyone getting up. I can hardly wait till the '88 video comes out.

Thanks,

They wrecked many newspaper machines and at least one car street riding that night....sheesh...As far as a contest, no way I'd want any more of you biking hoodlums in Minnesota. PSYCH! It'd be great to have another jam in Minnesota - we've been barren of Hipness since, what? 84'? Or whenever the first one was. That was Rad! Speaking of long times, this will be the first time Ron, Brian, and Dave haven't rolled through our fair state. RATZ! I'll send you "The Zine" shirt. I've got to print them up, though. So it might be a week.....

#### WILLIAM TROUSDALE SECTION

*The most Hardcore 57 year old we've ever known. So Rad we had to give him his own section in this issue. From 3 separate letters over the past 6 months.*

- You crazy dudes! What a totally insanely Rad competition you staged at Woodward! Brian, Matt "Crackerjack" Johnson, and everybody were absolutely unbelievable -- and Kevin, what a voice! I'll bet you did leave at least half your voice in Woodward, but I'm sure you will have it back before the next comp.

You gotta be doing it for fun rather than fortune. Nobody works that hard for money. The amount of labor you put into the show and your unflagging good humor through the long days were super human endeavors. I was out there for 10 hours the first day and 7 the second and I was exhausted just lying about on my bum. No wonder you have trouble getting the zine out on a regular schedule. Hey, who cares? It's worth the wait. I'm probably the oldest Freestyle fanatic (except for maybe Joe's grandmom), but that's only because most people are brain-dead by my age. I'm sending my bread for another year and a MTS T-shirt.

On July 1 I'm off to France for 2 months of deep diplomacy on the Cote d' Azur (yes, it's a tough life) I was honored to meet you guys and pleased to see Ron recovering from his mishap. My best wishes to all for the coming events.

Thanks for the great weekend,  
member #00809 & #01564 BILL

- OK, you 2-HIP dudes, you asked for it!

I have overheard "Crackerjack" say  
"I can pull double tailwhips all day."

He thought he'd head West,  
But alas, his hair died in L.A.

The New York Times/Angel Franco  
Police officers pushing back a mock coffin as they clashed with demonstrators who tried to cross the Brooklyn Bridge into Manhattan. About 20 police officers and an unknown number of demonstrators were injured.

## 'Day of Outrage' March Ends in Violence

By ROBERT D. McFADDEN

The vanguard of a mile-long protest march against racism and the recent killing of a black youth clashed with the police last night as it tried to force its way through lines of helmeted, riot-equipped officers on the Brooklyn approach to the Brooklyn Bridge.

Night sticks flailed and bottles and bricks flew as the leading ranks of a predominantly black crowd of 7,500 demonstrators breached the police lines in an attempt to cross the bridge and carry the protest into Manhattan.

At least 20 police officers sustained injuries ranging from cuts to broken bones, and an unknown number of demonstrators were hurt in the 20-minute melee. Four people, including two photographers, were also arrested as the police kept the protesters off the bridge's roadways.

The violence, which erupted just before 7 P.M., was the culmination of a march of angry, chanting demonstrators that had begun at Grand Army Plaza about 5 P.M. and moved northward, noisily but peacefully, through downtown Brooklyn, disrupting

Police and protesters clash at the foot of the Brooklyn Bridge.

traffic at the height of the rush hour.

The demonstration, billed as a "Day of Outrage and Mourning," had been called to protest the killing of a black youth, 16-year-old Yusuf K. Hawkins, by a gang of white youths in Bensonhurst on Aug. 23, and the slaying of the former Black Panther leader, Huey P. Newton, in Oakland, Calif., on Aug. 22.

It was by far the largest of a series of protests over the death of the Hawkins youth, whose killing has heightened racial tensions in New York City and forced the issue of race relations to the forefront of the mayoral campaign.

"Whose Streets? Our Streets! What's Coming? War!" the protesters chanted as

they moved up Flatbush Avenue, the spine of downtown Brooklyn, in a line of marchers six abreast that occupied half the street and stretched for nearly 20 blocks.

Near the front of the line of march, 12 protesters carried two gray, symbolic coffins for Mr. Hawkins and Dr. Newton, a co-founder of the Black Panthers who became one of the most charismatic symbols of black anger in the 1960's. He was shot last week in a drug-ridden Oakland neighborhood.

### Carson Leads Protest

The "Day of Outrage" theme of the march echoed that of similar protests in 1987 and 1988 in the wake of the Howard Beach and Tawana Brawley cases, and the killing of Michael Stewart, Eleanor Bumpurs and other blacks by the police.

In the first of those protests, on Dec. 21, 1987, about 500 people halted subway and bridge traffic between Brooklyn and Manhattan and disrupted more than 700,000 commuters. Later protests were met by well-organized police tactics and caused

STORY PAGE - we'll make this real small 'cause we have no room. The street contest was so fun. Almost too many people. It was a constant job keeping people back. Gnarly. Flowers built ramps that were put together that morning because Woodward backed out of letting us use theirs 2 days before the jam. And the Bronx zoo bike park loaned us some of their ramps. Thanx. Cops were present but were just kickin' back. So cool. The only thing I'll say about the riding is that there were tons and tons of Rad riders bustin' and Voelker was real Rad and proved his manliness by goin' for a 360 off about a 15 foot wall onto the bank and won and Jay Miron won the 50+ Good class. Phew, what a contest. Greg Sousa wrote this account of the KOV, later: Southampton College was the host of the latest king Of Vert contest. It was on Long Island. We started setting up the ramp at about 5 PM the day before the contest. Our mission was to build it until it was done, even if it took all night! Well it was rideable by 1 AM. Great! And talk about hardcore, riders rode the ramp through all the morning hours until practice officially began at 8 AM. It was s t u p i d hip.

Since we allowed for ramp construction to take longer than it did, we made no hotel reservations. Luckily, there was a dumpster outside with mold-infested mattresses. So I

grabbed one and went to sleep on it in the gym, next to the ramp. Yeah!

Anyway, contest stuff. Pollack and Hoffman, GT and who is Matt riding for? (editors note: he had a PK and now has a Bully) won! Notable in the pro class was definitely Dennis McCoy, he deserves so much credit for his riding! He lives on the edge! McCoy's lip tricks are original and so loud. Manual out to front hop in, third place. How about Dave Mirra in the Amateur class? 15 and high (not drugs). Plenty of variations and well spent energy. Dave does darn well. Craig Litherland from Bonehead was raging. High airs, variations, and manuals. Oh yeah, Joe Johnson (2nd) and Matt Hoffman (1st) rode pretty darn good as well. I don't know if Matt's one footed seat grabber, table-top had anything to do with winning but it looked superfluous (edi-

tors note: what?). Mike Dominguez rode for the first time in a long time at a 2-HIP contest (riders never die subliminal message). But he snapped collarbone on a 900 attempt. Ron Wilkerson kicks bootie! Whether it is riding, driving a rent-a-car, setting up 2-HIP and MTS, Ron always putts in 110% (Vision subliminal message).

To top it off the riding was at 2-HIP level, the crowd was great. If a 2-HIP or MTS comes near you, don't miss it or you will lose in life. Build a ramp, ride, and support 2-HIP.

mystery rider

It is deep. Only about 1% of riders know it. It's not something you would like unless you are behind it. I guess it happens in all things.

If a concert of a certain band is coming up and the promoter advertises on a certain radio station then a strange thing happens. You hear more of *that* band on *that* station.

And in Freestyle, if a bike company advertises a lot in a certain mag, a strange thing will happen. You will see more photos of riders on *that* bike in *that* mag. If *that* company doesn't get more photos, they will be calling up *that* mag to give 'em crap and threaten less advertising. This is true, but another thing is true also.

*Everything* is supported by advertisers; All TV, All radio, All pro athletes, All sporting events, and All magazines. So if it happens in our mags, and we like them, we have to live with it. We need that good magazine, so we need those advertisers. But how long will we need that?

*You* won't notice any politics because you could care less about the business part of Freestyle. You just ride. Man.....Sometimes I wish I didn't notice.

"Yea, I'll have a Whopper, fries, and 2 King Of Vert tickets, to go!" Pepsi promoted this one and did a hot job. Every Burger King in Colorado Springs had K O V tickets for sale. TV commercials and radio giveaways were happening all weekend. It was gonna be BIG.

The day came. The ramps were set up the day before, in the middle of a baseball field. It was dialed. Riders were getting used to the ramp and it was a killer day. Sun, a RAD ramp, a big crowd, and a King Of Vert to boot. What more could be happening? Everyone was jammin'. There were more pros in attendance than ever and a ton of Ams! New tricks were being pulled all day. I'm writing this 2 months after the fact but the main thing to remember that a fun time was had by all. EVERYONE was gettin' so RAD. CHECK THE PHOTOS!!!

What else do I remember? The night before, Lew led a big gang to get down at a "Heavy Metal" club. I wasn't even gonna ride b'cuz of my collarbone, but it was so happenin', I couldn't just watch. And for the Final Jams: Lew and Greg Hansen developed nicknames for all the pros to put on the giant screen. No one knew they were going to do that. Not even me! So every time it was the next persons turn, they would wait 'till their name was on the screen. Then see it and drop in. It was a crackup because EVERYONE'S first few airs were straight, normal airs cause they were laughing so hard. Some of the more memorable and funniest were Helen Blyther (?), Thor Hoffman (there is NO better name for Matt), Blood Johnson (an inside joke about Joe on tour) and Axl Wilkerson (those FAGS are asking for it ). Well, that was Colorado, it was.....RAD
