our logo shirt,

Ever see those idiots who try to be gangsters but who would get beat up in a second by a real gangster? Well this shirt is a cut on them. The front is a 7 color print, and the back is a 3. Just be who you are.

ably call all us riders a *gang*, and if you are a rider, your bike rolls, so your rollin'. Get it? Your rollin' with the chain gang when your wearing this shirt. There's a picture of Chad doing a rolling trick on the front, which is 2 colors, and on the back there's some cool art (see photo), which is 4 colors. These shirts are super cool, if you haven't already figured that out. Get one.

**C.U.M.**  
equipment

This is Hilson's baby, C.U.M. Equipment. The front has the logo; and the back has a diagram of the male reproduction system from an Encyclopedia Britanica. Get it? Cum equipment? Yeah...

This is our most popular shirt. b is 4 baco and that's what it's for. With this model, the shirt is always a color, and the print is black and white, making a cool-looking color combination. Trust me, you'll like it, it'll improve your fashion standing.

Bac O

This is a hardcore shirt by all means.

It's just plain and simple: Ride Among

Us, meaning all the hardcore riders that are dedicated to the sport.

A 2 color print. The front has a funky word design that is printed on the bottom front in 2 colors. It's cool.

This is pretty much our logo shirt, but we call it the people shirt anyway. The front has a reverse black print that says *ride for life*, running down the side. The back is a 2 color print. All the older people

are looking up at the logo frowning, but the little kid is smiling. He likes this shirt and so will you.

This is the newest of the shirts, and perhaps the coolest. It's just 2 wheels and me. Matt Gordon did the artwork of the rider, so you know it's cool. It's printed on the side and is 6 colors. The other print is right under the collar on the back, and is 3 colors. It's dope.

# The BacoVision Videos

## About fun, for fun.

### **BacoVision 2**

Ah yes, the historic Baco 2. Rated "...the sleeper of the summer..." by *GO-The Rider's Manual*, and could have very well been the best video out at the time of its release. Forty-seven minutes of pure freestyle entertainment with more funk and soul to put that needed step to your roll. Clean cuts, eye-catching effects, and creative editing are what make this video so great. Witness hard flatland, Rampage coverage, the historic Norfolk contest, CSFA, random sections, NBL-Four Wheels Out (4WO), and more. Riders like the Baco boyz, Brandt, Moliterno, Meng, Neuman, Perry, Chase, Nitzchke, Miron, Murphy, Campbell, Schmidt, McCoy, and more. Music from the Beastie Boys, Primus, *The Devil In Mr. Holmes*, Urban Dance Squad, Dee-Lite, Jane's Addiction, the Tar Babies, Public Enemy, Metallica, and more. \$15.

### **BacoVision 3**

This one is an hour long with footage from the skateparks by where we live (Appleton & Oshkosh), new hard flatland, cool random sections, the October '91 York jam (Chase and Kevin), Reading skatepark, a hell-a-long Rampage section, and an ending finale of unreal flatland, creaping, back

flips, street, bails, and music. Fresh credits will make you want to watch it again and again. Packed with eye-catching effects and resolution that is too clear to believe. Riding from the Baco boyz, Moliterno, Nitzchke, Neuman, Murphy, Ronnie Anderson, Schmidt, Miron, Voelker, McParland, and more. Music from N.W.A., Ice-T, Infectious Grooves, Public Enemy, Beastie Boys, Big Drill Car, Metallica, Nirvana, Fishbone, Chili Peppers, U.D.S., Primus, and mixing by Chris make the soundtrack great. \$18.

### **BacoVision 4**

OK, we finally got new equipment and it's all really cool, so you'll be stunned at the clarity, we're talkin' really professional here. Riding from the Baco guys, the Standard guys, Chase G., Pete B., Gabe, Dave Friemuth, Joe Hurlbert, Tom H., and everyone else. This video is a trip into the world of randomness with a lot of custom music and nothing is really normal. Hilson shaved his head so stop reading this and order the video and while your at it get a shirt or two or maybe oven three. Your mom. \$18.
