

Part Number: **TER-08-L00**

Termination Low Power WR-08

- 90GHz to 140GHz
- VSWR 1.10:1
- Power Handling 0.2 W

Input Port WR-08 Waveguide, UG-387/U Flange

STOCK#:

Part Number: TER-08-L00

PRODUCT OVERVIEW

Precision mmw Low Power Terminations have great VSWR and they use coin silver waveguide with brass flanges then gold plated.

APPLICATIONS

- 5G Systems
- Satellite communications
- Test systems
- Communication Systems

Parameter	Specification
Frequency Range	90GHz to 140GHz
Power handling	0.2 Watts
VSWR	1.10:1
Length	0.90 Inches
