

Part Number: TER-15-L00

Termination Low Power WR-15

- 50GHz to 75GHz
- VSWR 1.06:1
- Power Handling 1.0 W

Input Port WR-15 Waveguide, UG-385/U Flange

STOCK#:

Part Number: TER-15-L00

PRODUCT OVERVIEW

Precision mmw Low Power Terminations have great VSWR and they use copper waveguide with brass flanges then gold plated.

APPLICATIONS

- 5G Systems
- Satellite communications
- Test systems
- Communication Systems

Parameter	Specification
Frequency Range	50GHz to 75GHz
Power handling	1.0 Watts
VSWR	1.06:1
Length	1.50 Inches
