Muskegon, MI 49442

Tel: (231) 724-2670 Fax: (231) 724-2699

March 19, 2007

Dear Valued Vendor:

As many of you are aware, L-3 Communications purchased Combat Propulsion Systems from General Dynamics Land Systems in February 2005. As part of the transition, General Dynamics has continued to process our Accounts Payable on our behalf until we were able to implement our own systems. **Effective April 2, 2007**, Combat Propulsion Systems will separate from General Dynamics and begin to process our own Accounts Payable.

This initiative will require our vendors to update their billing information as it relates to Combat Propulsion Systems. Please review and update your records accordingly.

1. If you are required to provide invoices or have correspondence to send, please forward to:
L-3 Communications – Combat Propulsion Systems
PO Box 3310
Muskegon, MI 49442

Our physical location is:

L-3 Communications – Combat Propulsion Systems
76 Getty Street
Muskegon, MI 49442

2. All phone inquiries should be directed to our Accounts Payable Department. We will be maintaining a centralized A/P phone number and adding additional phone resources as we become fully staffed.
Accounts Payable Phone: 231-724-2670
Accounts Payable Fax: 231-724-2699
3. The most effective way to contact Accounts Payables with your questions is to send us an email at CPSAP@L-3com.com providing us with your vendor name, contact, P.O. number, invoice amount, invoice number, and date of services or shipment. This pertinent information will assist us in expediting responses to any discrepancies.
4. We appreciate our vendor's need to maintain cash flow. If you have invoices exceeding more than 45 days, please forward a copy of the invoice, copy of the shipper if available, and P.O. number. Again, the most effective way to handle past due invoices is to send information via fax or email so we can research.

Combat Propulsion Systems looks forward to demonstrating to our vendors our commitment to improving our business relationship and appreciate your patience and support through our transition in 2007.

Sincerely,

Deborah Williams
L-3 Communications - Combat Propulsion Systems
