WOLF COACH MC2-MV

RAPID-RESPONSE COMMUNICATIONS VEHICLE

WOLF COACH MC2-MV CAPABILITIES

Communications:

Scalable computer network

One-button setup

Full radio interoperability

Multiple satellite reach-back options

Network extension model allows network expansion at the forward site

Options:

- Microwave receive package
- EVDO
- Mesh networks
- Video over IP
- Audio/Video system

Vehicle:

Durable Chevrolet Suburban chassis, 2500 Series 4x4

Heavy-duty suspension

Upgraded electrical system

Shore power under-hood generator capabilities available

Meets U.S. Military specifications and requirements for air transportable certification

WHY WOLF COACH?

History & Innovation: over 40 years of vehicle/shelter/trailer manufacturing, communications systems design, high-level systems integration and training. The Wolf Coach brand has pioneered technologies and platforms to deliver turnkey mobile solutions with the highest level of harnessed and labeled system integration available today.

Vast Array of Engineering Resources: in satellite communications, defense electronics, software and network engineering to meet the challenges of establishing a communications infrastructure at isolated sites.

Strength of a \$14 Billion Company: customers include the Department of Defense, Department of Homeland Security, selected U.S. Government intelligence agencies and aerospace prime contractors.
