WHY WOLF COACH?

History & Innovation: over 40 years of vehicle/shelter/trailer manufacturing, communications systems design, high-level systems integration and training. The Wolf Coach brand has pioneered technologies and platforms to deliver turnkey mobile solutions with the highest level of harnessed and labeled system integration available today.

Vast Array of Engineering Resources: in satellite communications, defense electronics, software and network engineering to meet the challenges of establishing a communications infrastructure at isolated sites.

Strength of a \$14 Billion Company: customers include the Department of Defense, Department of Homeland Security, selected U.S. Government intelligence agencies and aerospace prime contractors.
