

YOUR MISSION-CRITICAL DATA... DELIVERED

- 
- 
- ✓ Networking capability through an installed base of more than 10,000 software-programmable communications systems
 - ✓ Coverage across UHF-, L-, S-, C-, X-, Ku- and Ka-Bands on over 100 different tactical and ISR platforms
 - ✓ Multiple waveforms ranging from military to commercial, analog to digital
 - ✓ Unmatched support of data rates from 100 kbps through 18 Gbps

Use of U.S. DoD imagery does not imply or constitute DoD endorsement.

SATCOM | Backbone | Wideband Networks | Tactical Edge

In today's budget environment, you can't afford the installation, training and logistical costs of implementing new, proprietary communications systems. L-3 Communication Systems-West combines proven, fielded systems with the people, expertise and innovation to enable warfighter information dominance and provide superior mission-critical performance.

L-3 CS-West's fielded integrated communications systems provide cost-effective solutions that enable real-time, secure wideband data transfer whenever and wherever you need it.
