EMBARGOED FOR RELEASE JULY 14, 2008

L-3 Provides Primary Flight Displays for Gripen

FARNBOROUGH, England, July 14, 2008 – L-3 Display Systems announced today that it has been awarded a contract for an additional 100 units by Saab, Sweden, to provide Multi-Function Color Displays for the Gripen fighter. To date, L-3 Display Systems has delivered more than 500 units for the Swedish Air Force and other international users. These contracts extend an extremely successful, long-term development and production program with Saab dating back to 1997.

“This contract expands our outstanding relationship with the Saab team and provides the Gripen aircraft with a fully qualified, highly reliable, low-risk, and fully compliant solution,” said Bob McGill, president of L-3’s Displays Group. “We are honored to build upon our 30-year heritage in information and visualization systems to provide the Gripen team with an advanced and proven display system solution. We look forward to continue working with Saab and building on our outstanding past performance to provide the most advanced, compliant and cost-effective display system solutions.”

L-3 Display Systems, located in Alpharetta, Ga., specializes in the design, development and manufacture of ruggedized display and processing systems for the world’s most advanced applications. L-3 Display Systems offers a wide variety of displays and processors available to meet a host of system architectures for airborne, shipboard and ground-based applications.
