John R. Grant

John R. Grant is the Senior Director for Hangar, Dock & Line Operations L-3 Communications Integrated Systems (L-3/IS) for the Greenville, Texas facility. Appointed to this position in June 2004, he is responsible for aircraft maintenance and modifications focusing on the integration and testing of complex electronic systems.

Prior to joining the company in July 1991, Grant served a distinguished career in the United States Air Force. His final Air Force assignment was Chief, Reconnaissance Systems Branch, Headquarters Strategic Air Command, Deputy Chief of Staff Logistics. In this capacity, Grant served as the Command Airframe Functional manager for the SR-71, U-2, TR-1 and RC-135 weapon systems.

Grant was born in the Philippines. He earned his Associates Degree in Aircraft Maintenance Technology from the Community College of the Air Force in 1984. He and his wife, Julie, live in Rockwall, Texas. They have two grown children, Robert and Michael.
