L-3 Selected by Massachusetts State Police to Provide Airborne Digital Video Recorders *-First Non-Military Application for S/TAR™ DVR-Mini™-*

CAMDEN, N.J., October 21, 2014 – L-3 Communication Systems-East (L-3 CS-East) announced today that it was selected by the Massachusetts State Police Air Wing to provide its airborne, multi-channel, high-definition digital video recorder, which will be integrated onto the Air Wing's Eurocopter EC135s for use in critical surveillance operations. This sale of two of L-3 CS-East's newest recorder model, the S/TAR™ DVR-Mini™, represents the first non-military application of this class of high-performance, ruggedized recorders to the law enforcement marketplace.

"Over the past decade, L-3 has been providing military customers worldwide with solid-state airborne recorder systems that deliver high reliability and availability for air platforms ranging from the carrier-based U.S. Navy F/A-18 Hornet to Saab's JAS Gripen," said Dave Micha, president of L-3's Advanced Communications sector as well as its Communication Systems-East business. "Leveraging our proven technology, these recorders will now support the Massachusetts State Police Air Wing with surveillance and tactical reconnaissance for the Commonwealth of Massachusetts, as well as other parts of New England. Our S/TAR DVR-Mini is designed for discriminating customers who require small, lightweight, low-power solutions that deliver the highest levels of video quality and performance, day in and day out."
