L-3 Communication Systems-East Appraised at CMMI® Level 3

Camden, N.J., August, 10, 2015 - L-3 Communication Systems-East announced today that it has been appraised at Level 3 of the CMMI Institute's Capability Maturity Model Integration (CMMI)®. The appraisal was performed by Atkott Inc.

CMMI® is a capability improvement approach that provides organizations with the essential elements of effective processes that ultimately improve their performance. An appraisal at maturity level 3 indicates the organization is performing at a "defined" level. At this level, processes are well characterized and understood, and are described in standards, procedures, tools, and methods. The organization's set of standard processes, which is the basis for maturity level 3, is established and improved over time.

"We will continue to improve and mature our processes as we maintain the rating to CMMI-Development, Version 1.3 Maturity Level 3," said Kathy Steinle, director of Quality and Mission Success at L-3 Communication Systems-East. "Our Maturity Level 3 rating reaffirms to our customers that we can develop and deliver high-quality products and services, using proven and institutionalized processes."

L-3 Communication Systems-East designs, develops, produces and integrates communication systems and encryption solutions for space, ground, air and maritime operations. The company is part of the Communication Systems Group. To learn more, please visit the division's website at www.L-3com.com/cs-east.

Headquartered in New York City, L-3 employs approximately 45,000 people worldwide and is a prime contractor in aerospace systems and national security solutions.
