Dear Mr. Roberts,

On behalf of the soldiers and civilians of PEO IEW&S, I would like to express my sincere appreciation for the outstanding and patriotic effort provided by L3 Communications Systems East during Operation Iraqi Freedom (OIF).

The Remotely Monitored Battlefield Sensor System Version II was instrumental in the operational success during OIF. It provided commanders with timely and critical intelligence and effective force protection. Your company's efforts enabled the United States Army to provide location data of extremely high value targets to the fighting troops.

Thank you for your superb efforts and devotion during this monumental endeavor. I look forward to continuing the excellent relationship that we share with L3 Communications Systems East.

Sincerely,

Edward T. Bair
Program Executive Officer
