

(A) Lightline polarizer assembly, A08845,
 (B) Polarizer affixed to a 5" lightline, (C) Polarizer
 affixed to a cylindrical lens on a lightline

Lightline Linear Polarizer Kits

Features

- Developed for use with 3" to 16" (227 to 406 mm) lightlines to enhance contrast on highly reflective surfaces for area and line scanning applications.
- Easily mount on *Schott Fostec* lightlines alone or with cylindrical and apertured lenses affixed to the lightline.
- The polarizer(s) should be used with an analyzer supplied by the customer. The analyzer is typically attached to the camera objective.
- Two polarizers are included in the kit; one polarizes in the horizontal axis and the other polarizes in the vertical axis.
