

Order Options

Cable Options for Lighting Heads

LATAB lighting heads are supplied with a 1 m cable by default.

For different lengths and types of cables please select the order code extension from the table below.

Extension Cables for Lighting Heads

Extension cables between lighting head connector and controller are available for continuous/switching and strobe mode controllers. Please select the cable length and type from the table below.

Diffuser

For a particularly homogeneous lighting there are diffusers available for the line light families, the front light 80 x 56 mm, ring lights/ring lights 50° and high-brightness spots.

Ring lights, dark field lights and back lights have a diffuser included as standard.

Polarization Filter

For ring lights with 78 and 102 mm diameter there are polarization filters available. For details please see page 39.

Lighting Head Brackets

There are different brackets available. For details please see page 38.

DIN Clips for Controllers

For a controller mounting on DIN rails there are DIN clips available for all control units. Two clips are mounted on the controller back side. For assembling just push the controller with the clips on the rail. Please select the option from the table below.
