

## Join Polytec - Innovators in Laser Surface Velocimeter Solutions!

**Polytec, a global leader in LSV solutions, is seeking dynamic individuals for our North American LSV Team. If you're passionate about tackling challenges in Steel, Aluminum, Tube/Pipe, Building Materials, Converting, and more, your journey starts here!**

As the face of Polytec, you'll deliver exceptional customer experiences, providing hands-on application support, managing sales projects, and actively engaging with customers. This role involves significant North American travel, focusing on the Midwest or Southeast USA.

### Key responsibilities:

- **Technical support and onsite services**
- **Sales project management in collaboration with the LSV Sales Manager**
- **Active participation in driving sales activities**
- **Go-to person for application-related inquiries**

### Key characteristics and requirements:

- Self-motivated, disciplined, and solution oriented
- Excellent interpersonal and communication skills
- Comfortable in heavy industrial manufacturing environments
- Experience with measurement systems, control systems, or electrical/mechanical equipment
- Ability to travel within North America and to HQ in Germany
- Must be a US Citizen or legally authorized to work in the USA
- Familiarity with PLC programming, Python, and other relevant programs is a plus
- Fluency in Spanish or German is a plus

We are seeking a dynamic and highly motivated

## Technical Sales Engineer

Plymouth MI, or the Southeast USA

### Why Polytec?

- *Global leader in optical measurement solutions*
- *Dynamic, innovative team*
- *Contribute to customer-focused solutions*

**Ready for a Career Elevator? Apply Now and Shape the Future of Industrial Manufacturing with Polytec!**
